Dear Mr. Johnson

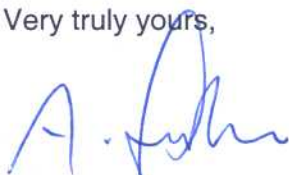

Thank you for your letter addressed to the CEO of Sulzer Mr. U. Berg. On behalf of Mr. Berg I would like to respond to your concerns.

Sulzer Ltd is aware of the potential implications of conducting business in critical countries such as Sudan. We also can confirm that Sulzer Ltd has no operations in Sudan.

Provided that international rules & regulations are followed, Sulzer does, however, not categorically boycott activities in such countries. Our policy is to evaluate projects on a case-by-case basis. If a specific project serves to improve the infrastructure of the country and the standards of living for the population and does not serve to support repression, Sulzer may, subject to approval by the respective division president, choose to participate in certain projects. Specifically in Sudan, Sulzer is currently engaged in two infrastructure projects.

Please be assured that the Board as well as the top management of Sulzer Ltd are fully dedicated to highest standards of compliance as well as corporate governance principles.

Very truly yours,

Gerber Alfred  
General Counsel
